

November 19, 2009

**Dear Friend of Ives Pool,**

**Now is the time to join Friends of Ives Pool for 2010 and to make a tax deductible contribution to keep our wonderful Ives Pool operating all year in 2010!**

At a time when pools and swimming programs throughout our region are reducing hours or closing, Ives Pool is going strong with year round aquatics programs for all ages and abilities! You can help keep Ives thriving in 2010 through your financial support during this season of giving.

**Friends of Ives Pool/WSCS** (Western Sonoma County Swimmers) is a non-profit organization that funds 100% of the operating cost and all of the aquatic programs at Ives Pool. Take a look at what **Friends of Ives Pool** accomplished in 2009:

- 70,000 visits were made to Ives Pool (an average of almost 200 users per day!)
- Ives was open 355 days including Thanksgiving and New Years Day
- On average Ives was open 15 hours/day
- Ives provided 20 scholarships for swim lessons and aqua therapy
- Ives employed 60 people of which 75% were high school students
- Paid for a new chlorination system (more than \$40,000)
- Our solar installation reached 135,000

**Please make a contribution, large or small, to Ives Pool for 2010!**

Thank you for your support, and have a wet and wonderful 2010.

Sincerely,

Virginia Porter  
President, Friends of Ives Pool Board
